**Community Investment:**

In 2024 the Goshen Center Ruritan Club will be undertaking a major upgrade to the playground equipment in our community park. We will add a new large piece of equipment, pictured below, that is designed for children ages 5 through 12. With this addition, we expect to be able to provide families with a fun and safe outdoor place for children to play for many years to come. This outdoor playground offers a space to promote physical activity and a healthy recreation option for all who want to use it. We are very excited to be able to provide this upgrade to encourage family activity and outdoor recreation. There will be banners printed and displayed throughout the 2024 pulling season, listing all donors for donations over \$500. If you would like to participate in this investment in our community, please list the amount below:

**So, what is the Goshen Center Ruritan Club??**

**The Goshen Center Ruritan Club was founded in 1961** and has hosted truck and tractor pulls as our primary source of funding to provide a community park, complete with one of the best in the area soccer and baseball fields, playgrounds for children, and pavilions for family functions. We are a member of the Ruritan National organization and are founded upon community service. We fund multiple youth and adult based projects throughout each year. We provide annual scholarships to graduating seniors, provide financial support assistance to our local first responders, 4H clubs, the Scouting BSA program, and we always support needy families in our community just to name a few. Long known as “Pioneers of Tractor Pulls”, **our true mission is to support the local community!**

**We hope to hear from you soon!**
